AUDITORS' REPORT

To Hershey Chocolate Corporation:

We have made an examination of the consolidated balance sheet of the Hershey Chocolate Corporation (a Delaware Corporation) and Subsidiary Companies as at December 31, 1935, and of the summaries of consolidated profit and loss and earned surplus accounts for the year ended that date. In connection therewith, we examined or tested accounting records of the companies and other supporting evidence and obtained information and explanations from officers and employees of the companies; we also made a general review of the accounting methods and of the operating and income accounts for the year, but we did not make a detailed audit of the transactions.

In our opinion, based upon such examination, the accompanying consolidated balance sheet and related summaries of consolidated profit and loss and earned surplus accounts fairly present, in accordance with accepted principles of accounting consistently maintained by the companies during the year under review, the financial position of the companies at December 31, 1935, and the results of their operations for the year ended that date.
